Student Instructions for College Application

Step 1: If you think you qualify for an application fee waiver, talk to your school counselor. See the end of your College Application Week Worksheet for information on common fee waivers, or visit LearnMoreIndiana.org/college/applying-to-schools/#fee-header for more information.

Step 2: If you are applying online, go to LearnMoreIndiana.org/indiana-college-map or the college's admissions page (for out-of-state colleges). If you are not applying online, ask your counselor for assistance printing a paper copy of an application.

Step 3: Complete the application(s) to the colleges and universities to which you want to apply.

Step 4: Make note of any additional items you need to submit with your application (essay, transcripts, SAT or ACT scores, recommendation letters).

Step 5: Save a copy or print out a copy of your confirmation page if you applied online. If you are applying through a paper application, make a copy of your application. Keep the confirmation page or a copy of the application for your records.

Step 6: Register for your FSA ID – you will need this to complete your Free Application for Federal Student Aid (FAFSA) form. Many grants, loans and scholarships will require that you submit a FAFSA so this is a very important step. Go here to register for your FSA ID: <https://fsaid.ed.gov>. You will need your Social Security Number (SSN), your address and an email address to complete the process. REMEMBER your FSA ID and answers to the security questions. Write them down if necessary.

Step 7: Follow-up! Make sure you submit any additional information the colleges you applied to require. This could include recommendation letters, test scores and high school transcripts. Also, the next important step in the process is completing your FAFSA. You already have your FSA ID, make sure you submit your FAFSA between October 1 and April 15. Be on the lookout for FAFSA filing events at your school and in your community and visit FAFSA.gov to get started.
